

Nahtlinie ca. 67 cm

The diagram shows a large white rectangular area enclosed by a blue border. Two vertical grey hatched bars are positioned on the left and right sides, representing fasteners. A horizontal dashed line is drawn across the lower portion of the rectangle. A vertical arrow points upwards from the bottom edge to the dashed line, with the text 'Nahtlinie ca. 67 cm' next to it. A horizontal arrow points from the left edge to the right edge, with the text 'ca. 260 cm (max. bedruckbare Breite bei Thermotransfer)' below it. The labels 'Klettverschluss' are written vertically on both the left and right hatched bars.

ca. 260 cm (max. bedruckbare Breite bei Thermotransfer)

Hohlsaum ca. 10 cm (bedruckbar)

The diagram shows a rectangular structure with a hollow top edge. A blue line outlines the top edge, and a dashed grey line indicates the inner boundary. A vertical double-headed arrow between these lines is labeled 'Hohlsaum ca. 10 cm (bedruckbar)'. Two vertical grey hatched bars, labeled 'Klettverschluss', are positioned on the left and right sides of the structure.
